

Dripper Accessories

Pegs and tubing for intensive horticulture, greenhouse and soilless applications

Ideal for: Rivulis E1000 & Supertif PC Drippers

Product Range

Pegs

If you have more than one peg and tube per dripper, it is necessary to use an equalizer DripPeg that also has flow regulation built in.

This reduces the risk that if one peg is lower than the other, it will expel more water than pegs at higher elevation. Therefore, when using multiple pegs per dripper, you should use DripPeg or Polytif which both have built in flow regulation.

DripPeg	Polytif	SnaPeg	BarPeg
Flow Equalizing Peg (Black)	Flow Equalizing Peg (Black)	30° Diagonal Bend (Grey)	30° Diagonal Bend (Grey)

Multi-adaptors

Connect to multi-function port of Supertif and E1000, for connection to 3 x 5 mm tubing.

1, 2 and 4 way adaptors are available.

Assemblies

Save time and labor by purchasing pre-assembled Peg, Hose & Multi-Adaptor assemblies.

Available in 2 and 4 way assemblies with either DripPegs and PolyTifs pegs, and a combination of tubing color and lengths.

Dripper Accessories

Product Description	Product Information	Product Number	Quantity (bag)	Quantity (box)	
Plugs					
Plug - 2 mm Violet	Suitable for Supertif	101003314			
Plug - 2.8 mm Red	Suitable for Katif	101003311			
Plug - 6 mm Black		101003312			
Plug - 8 mm Black		101003313			
Connector					
Start Connector	Suitable for 3x5 Micro tubing	101003297	5000	40000	
Adapters					
1 Way Barbed Angled Adapter	Suitable for 3x5 Micro tubing	201000237	5000	40000	
2-Way Barbed Adapter	Suitable for 3x5 Micro tubing	101003301	5000	25000
